Dear Jeffrey:

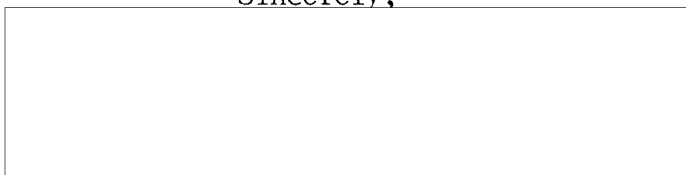

Now that your summer assignment has drawn to a close, I would like to thank you for your fine work in Registry. Your help in handling the distribution of the incoming mail and the cables was a great help to Registry. Your assistance in preparation of outgoing pouches was greatly appreciated and you will be missed.

Your colleagues enjoyed working with you and join me in wishing you all the best for your junior year at the University of Florida.

We would welcome the opportunity to have you work with us again.

Sincerely,

STAT

/ Deputy Director
